Response to Amendment

1. The amendments, filed on 12/9/98, have been entered and made of record. The declaration, filed on 8/20/98, under 37 CFR 1.131 is sufficient to overcome the Schelling et al. reference. An advisory, mailed on 9/10/98, was issued in error. The examiner apologizes for any inconveniences this may have caused.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: **Figures 1-2** are designated as **Related Art**. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The application having been allowed, formal drawings are required in response to this Office action.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

The Prior Art neither teaches nor suggests a method and system for displaying images and multimedia type icons in the interface of a digital camera to indicate to the user the media types associated with the captured images, as recited in the independent claims 1, 8 and 15. The imaging system comprises a digital camera that can capture various types of media images, such

as still, time lapse, burst, panorama, etc.; means for storing each of the captured images and its associated media types; a user interface including a view finder of the digital camera for displaying a plurality of image cells, and each of the image cells corresponding to one of the captured images wherein at least one of the image cells includes an image area and an icon area; and means for displaying graphical icons in the icon area indicating the media types associated with the captured image. The instant invention, in combination with the other claimed features, improves upon the Prior Art by providing a system for indicating to an user what media types associated with images captured by a digital camera.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
